ABOUT ME

Licensed Practical Nurse with healthcare experience supporting oncology, apheresis, gastroenterology, and ambulatory care teams. Known for exceptional attention to detail, quality improvement initiatives, regulatory compliance, and compassionate patient advocacy. Experienced in clinical documentation, chart auditing, IV therapy, multidisciplinary collaboration, and workflow optimization within fast-paced healthcare environments. Passionate about improving both patient experiences and clinical processes while bringing a calm, adaptable approach to every team.

CAREER OBJECTIVE

To obtain a Licensed Practical Nurse position where I can combine my experience in patient care, quality improvement, regulatory compliance, and clinical documentation to provide compassionate, evidence-based care while contributing to a collaborative healthcare team committed to excellence.

HIGHLIGHTS

- QA & Chart Audits
- Regulatory compliance
- FACT accreditation Support
- Epic EMR
- IV Therapy
- Medication Administration
- Apheresis Procedures
- Patient Education
- Process Improvement
- Interdisciplinary Collaboration
- Infection Prevention

EDUCATION

Licensed Practical Nursing

Graduated 2023

Isabella Graham Hart School of Practical Nursing
Rochester, New York

WORK EXPERIENCE

LPN III - Apheresis - UPMC 2023-2026

Delivered specialized nursing care for patients undergoing therapeutic apheresis and cellular collection procedures through patient assessment, medication administration, and continuous monitoring. Ensured regulatory compliance through documentation, chart auditing, equipment management, and interdisciplinary collaboration while developing the Brave Bracelets Program to enhance the patient experience.

LPN - Gastroenterology - RRH 2023

Provided nursing care in a fast-paced outpatient gastroenterology setting through IV therapy, procedural assistance, specimen handling, patient education, Epic documentation, and endoscope reprocessing while maintaining infection prevention, safety, and regulatory compliance.

Client Service Representative - Varied 2019-2022

Supported clinical operations by coordinating patient scheduling, managing high-volume communications, and maintaining accurate medical documentation. Cross-trained across multiple roles to improve workflow efficiency, ensure continuity of care, and deliver exceptional patient service while maintaining HIPAA compliance.
